Lincoln County 4-H

NEWSLETTER February 2024

We hope you have stayed warm and safe during the cold days of January. Remember, if Lincoln County public schools are canceled, all 4-H activities scheduled for that day are also canceled. However, before we know it, camp applications will be out and we'll be heading off to Feltner for summer fun!

Moving forward, all online registration & payments will be collected through our new office portal: Pace. It's designed especially for Extension and we think it's pretty user friendly. Please make an account at this link when you can: https://bit.ly/pacelogin (or use the QR code below left). To view all events and activities available to sign up for on our Pace Website, you can visit https://bit.ly/pacelinc (or use the QR code below right).

SMART TIPS

Muscle strengthening activities and health

dults should work the major muscle groups (legs, hips, back, chest, abdomen, shoulders, and arms) at least two times each week. This can involve lifting weights, using resistance bands, and doing pushups, pullups, situps, and some types of yoga. Movements such as carrying groceries, playing with your kids, and gardening can help build up muscles.

A great way to support strength building is with good nutrition. Eat foods that give you protein, carbohydrates, and fat. Be sure to get enough calories throughout the day.

FOOD FACTS

Proteins

rotein foods are all foods made from seafood, meat, poultry, eggs, beans, peas, lentils, nuts, seeds, and soy products.

Eat a range of protein foods to keep your body healthy. Meat and poultry choices should be lean or low-fat. Choose items like 93% lean ground beef, pork loin, and skinless chicken breasts. Make seafood choices that are higher in healthy fatty acids (called omega-3s) and lower in methylmercury, such as salmon, anchovies, and trout.

Vegetarian protein choices are beans, peas, and lentils, nuts, seeds, and soy products.

How many protein foods should I eat a day?

The amount of protein foods you need depends on your age, sex, height, weight, and how active you are. The amount can also depend on whether you are pregnant or nursing.

Most Americans eat enough from the protein foods group but need to select

leaner kinds of meat and poultry. Choose meats less often and increase other choices of protein foods.

What counts as an ounceequivalent of protein?

These amounts are one serving of protein:

- 1 ounce of meat, poultry, or fish
- 1/4 cup cooked beans
- 1 egg
- 1 tablespoon of peanut butter
- 1/2 ounce of nuts or seeds

COOKING WITH KIDS

Pocket Fruit Pies

- 4, 8-inch flour tortillas
- · 2 medium peaches, pears, or apples
- 1/4 teaspoon cinnamon
- · 2 tablespoons packed brown sugar
- 1/8 teaspoon nutmeg
- 2 tablespoons fat-free milk
- Additional sugar for topping (optional)
- Nonstick cooking spray
- 1. Wash hands with warm water and soap, scrubbing for at least 20 seconds.
- 2. Preheat oven to 350 degrees F.
- 3. Warm tortillas in microwave or oven to make them easy to handle.
- Peel and chop fruit into pieces.
- 5. Place 1/4 of the fruit on half of each tortilla.

- 6. In a small bowl, stir together cinnamon, brown sugar, and nutmeg. Sprinkle over fruit.
- 7. Roll up the tortillas, starting at the end with the fruit.
- 8. Spray baking sheet with nonstick cooking spray
- 9. Place tortillas on baking sheet. Make small slashes to allow steam to escape. Brush with milk and sprinkle with additional sugar, if desired.
- 10. Bake in oven for 8 to 12 minutes or until lightly brown.
- 11. Serve warm or cool. Refrigerate leftovers within 2 hours.

Notes: This easy snack gets more fruit into a daily diet. Tortillas, with a variety of toppings, make great snack builders.

Safety tip: Allow pie to cool slightly before tasting - the steam and sugar can burn.

Makes 4 fruit pies Serving size:

1 prepared fruit pie, 1/4 of recipe
